OAK VALE

Mrs. C. W. Boyer and Mrs. B. Beam-
er gave a small party Wednesday
afternoon in honor of their Sunday
School classes. Ice cream and cake
were served.

Plenty of rain and hot sunshine
here lately.

Mr. Michael Chancey has been a
popular beef man for the last two
or three weeks. Bring around some
more beef, Mike.

Miss Gertrude Shutt, of Gaines-
ville, spent last week with Miss
Lonnie Clancy.

Mr. Lonnie Lee and Miss Mable
Lawman were quietly married at the
home of the bride's parents, Mr. and
Mrs. W. Lauman.

Mr. Alton Boyer spent last Satur-
day and Sunday at Morristown.

Mrs. Cooper, of Old Town, is the
guest of her daughter, Mrs. A. M.
Anderson.

A little stranger visited the home
of Mrs. D. C. Gunnell last Saturday.

Mr. Clifton, the photographer, is
visiting the T. J. Hall family.

Prof. and Mrs. W. F. King, of Is-
land Grove, spent the past two weeks
with friends. Prof. King intends to
teach the Coleman school this com-
ing winter.

Misses Ruby and Sallie Anderson
spent Thursday afternoon with Mrs.
C. S. Mims.

Mr. Neal Matthews spent Sunday
afternoon in the Oak Vale section.
Wonder what's the attraction.

PANSIES.

NOTICE OF ANIMALS IMPOUNDED

To Whom It May Concern:
This is to certify that I have this
day placed in the city pound the fol-
lowing described animal which has
been found running at large within
the corporate limits of the city of
Ocala, contrary to the ordinances of
said city: One black male pig about
eight months old, marked swallow fork
and upper and under bit in each ear.

The owners thereof, or their agents,
and all whom it may concern, are
hereby notified that if the animal is
not claimed and all expenses of taking
and impounding thereof are not paid
within three days from date hereof,
to-wit: on the 27th day of August,
1909, I will sell the same to the high-
est and best bidder, said sale to take
place between the hours of 11 a. m.
and 3 p. m. on said day at the city
pound in Ocala, Florida.

C. A. Dinkins,
Marshal City of Ocala.

A BRAVE SOUTH CAROLINIAN

Attacked a Lynx in His Den and Kill-
ed Him With a Knife.

Lowell, O., Aug. 25.—William
Smith, a South Carolina hunter
showed his bravery when, armed
with a big knife, he crawled yester-
day into a den of lynxes near here
and killed the leader of the band.
The lynx was six feet in length.

For several months lynxes have
been a terror to the community.
They have killed stock and attacked
people. Their den was in a wild,
rocky ravine and none dared attempt
to route them. Smith organized a
posse to help him fight the animals,
but he had barely gotten inside the
den when the posse, frightened by
the growls of the animals, fled in
terror. The battle was fought in
darkness and the den was so small
that Smith was unable to stand
erect.

DEATH OF A DEMON

Gusa Godfrey, the man whose
name makes old pioneers shudder,
died at the Santee (Neb.) reserva-
tion last week, aged about 70 years,
says a dispatch from Morton, Minn.

Godfrey was a full blooded negro
and at the time of the Sioux massa-
cre lived near the Sioux agency with
an Indian woman. He joined the In-
dians at once and by his cunning
and bravery became the most atro-
cious murderer among them.

He could speak English and
French fluently and the German lan-
guage he had well mastered, which
at that time were all that were
spoken in that region.

No plans of escape passed his ear.
He knew personally every settler
along the valley, every child in each
family, all the officers and nearly all
privates in Fort Ridgely. By these
means his influence was strongly
felt among the Indians whether
present or not.

Godfrey was present at the killing
of the Zimmerman family, looked
with glee on the headless body of
Dr. Humphrey and personally directed
the ambushade of the party west
of Beaver Creek.

This man seemed intoxicated with
murder and lost all reason of de-
cency. He drove a wagon contain-
ing three prisoners, Mary Anderson,
Mary Swandt and Mary Schwartz, in
the meantime permitting the Indians
to torture them into insensibility
and lastly leaving the unfortunate
Mary Anderson to die on the road
side from a bullet discharged from
his own rifle while he pretended to
go for assistance.

These are only a partial list of the
atrocities; the rest would fill vol-
umes too horrible to relate.

He was the prime mover in the
massacre of Captain Marsh and his
men at the ferry and remarked to
the Indians about Interpreter Quinn,
"That Big Tom could hold more bul-
lets than any other man."

Godfrey knew the location of ev-
ery building in Fort Ridgely and
New Ulm, just where to shoot
through them or the most expedient
way to destroy them.

He was at the Medicine Bottle on
the east side of the fort, where sev-
eral helpless citizens were massacred
trying to gain admission to the en-
closure.

At New Ulm he discarded all rules
of modern warfare and boasted af-
terward he killed more German babies
than it was possible for him to
count. He was recognized there, as
well as all other places (where it
was the good fortune of any to es-
cape) by his distinctive color and
Indian dress so unbecoming to him,
and finally, when the great drama
was over, he turned state's evidence
and by his wonderful memory in de-
scribing the horrible details sent 38
of his comrades to die on gallows at
Mankato.

For this act he was given a lease
on his life, a lease, no doubt, which
would have certainly been broken if
he ever visited Minnesota or left the
reservation at Santee, Neb. He was
despised by the whites and Indians
alike and for 47 years lived a horri-
ble existence—a prisoner from his
own conscience.

If You Read This

It will be to learn that the leading med-
ical writers and teachers of all the several
schools of practice recommend, in the
strongest terms possible, each and every
ingredient entering into the composition
of Dr. Pierce's Golden Medical Discovery
for the cure of weak stomach, dyspepsia,
catarrh of stomach, "liver complaint,"
torpid liver, or biliousness, chronic bowel
affections, and all catarrhal diseases of
whatever region, name or nature. It is
also a specific remedy for all such chronic
or long standing cases of catarrhal af-
fections and their results, as bronchial,
throat and lung disease (except consump-
tion) accompanied with severe coughs. It
is not so good for acute colds and coughs,
but for lingering or chronic cases it is
especially efficacious in producing per-
fect cures. It contains Black Cherrybark,
Golden Seal root, Bloodroot, Stone root,
Mandrake root and Queen's root—all of
which are highly praised as remedies for
all the above mentioned affections by such
minent medical writers and teachers as
Prof. Bartholow, of Jefferson Med. Col-
lege; Prof. Hare, of the Univ. of Pa.;
Prof. Finley, of Chicago; Prof. John
King, M. D., of Cincinnati; Prof. John
M. Scudder, M. D., of Cincinnati; Prof.
Edwin M. Hale, M. D., of Hahnemann
Med. College, Chicago, and scores of
other equally eminent in their several
schools of practice.

The "Golden Medical Discovery" is the
only medicine put up for sale through-
out the world for like purposes that has any
such professional endorsement—worth
more than any number of ordinary testi-
monies. Open publicity of its formula
is the best possible guaranty of its merits.
A glance at this published formula will
show that no poisonous, harmful or habi-
tually forming drugs and no alcohol—chemically
pure, triple-refined glycerine being used
instead. Glycerine is entirely unobjec-
tionable and besides is a most useful agent
in the cure of all stomach as well as bron-
chial, throat and lung affections. There
is the highest medical authority for its
use in all such cases. The "Discovery" is
a concentrated glycerine extract of native,
medicinal roots and is safe and reliable.

A booklet of extracts from eminent
medical authorities, endorsing its ingre-
dients mailed free on request. Address
Dr. R. V. Pierce, Buffalo, N. Y.

HARNESS MENDED

Harness of all kinds mended or new
parts made where desired. Also saw
filing done. Apply to J. T. Simmons at
Tompkins & Cobb's stables.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may
be offered you? Or, do you want to know something of the com-
position and character of that which you take into your stomach
whether as food or medicine?

Most intelligent and sensible people now-a-days insist on
knowing what they employ whether as food or as medicine.

Dr. Pierce believes they have a perfect right to INSIST
upon such knowledge. So he publishes, broadcast and
on each bottle-wrapper, what his medicines are made
of and verifies it under oath. This he feels he can well
afford to do because the more the ingredients of which
his medicines are made are studied and understood the
more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses and derangements, giving rise to frequent
headache, backache, dragging-down pain or distress and kindred symptoms of weakness,
Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in
giving strength to nursing mothers and in preparing the system of the expectant mother
for baby's coming, thus rendering childbirth safe and comparatively painless. The "Fa-
vorite Prescription" is a most potent, strengthening tonic to the general system and to
the organs distinctly feminine in particular. It is also a soothing and invigorating nerve-
ine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea
or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional
and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each
of the several ingredients of which "Favorite Prescription" is made for the cure of the
diseases for which it is claimed to be a cure. You may read what they say for yourself by
sending a postal card request for a free booklet of extracts from the leading authorities,
to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will
come to you by return post.

It's foolish and often dangerous to experiment with new or but slightly tested med-
icines—sometimes urged upon the afflicted as "just as good" or better than "Favorite
Prescription." The dishonest dealer sometimes insists that he knows what the proffered
substitute is made of, but you don't and it is decidedly for your interest that you should
know what you are taking into your stomach and system expecting it to act as a curative.
To him its only a difference of profit. Therefore, insist on having Dr. Pierce's Fa-
vorite Prescription.

Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's
Common Sense Medical Adviser, 1008 pages cloth-bound. Address Dr. Pierce as above

LOOSE LEAF LEDGER AND BILLS

your loose leaf sheets for your in-
voice ledgers and bill head systems.
We are prepared to do the work.

A NEGRO EXPOSITION

(Savannah Morning News.)

The movement for a negro expo-
sition in 1913 to celebrate the fifti-
eth anniversary of emancipation
and to show the progress the negroes
are making in the different fields of
endeavor in which they are engaged
appears to have a good deal of sym-
pathy and support. Prof. Wright,
president of the Georgia State Indus-
trial College, who has been on a tour
through the West and South for the
purpose of finding out what encour-
agement might be expected for the
enterprise, and who has just returned,
is strongly of the belief that it
will not be difficult to get all the
money wanted to finance it. He has
talked with negro leaders in a good
many of the states, and with white
people who are ever ready to lend
the negro race a helping hand, and
the conclusion he has reached is that
the exposition would be popular and
would have an uplifting effect upon
the negroes.

There is no doubt that the negroes
have made marked progress in many
ways in the last half century. They
have some excellent schools where
industrial training can be had, and
these institutions have sent out a
great many well equipped workers.
There are negroes in the professions
also who seems to be making an im-
pression wherever their race has ad-
vanced in wealth sufficiently to af-
ford them remunerative employment.

It is in agriculture, however, that
the negroes have made the most no-
ticeable progress. In this state, for
instance, they own a very consider-
able percentage of the cultivated
lands, and they are steadily increas-
ing their holdings. If they were
thrifty they would now be holding a
much larger proportion of the farms
and farm stock than they do. It is
but fair to assume that they have
made as much progress, as farmers,
in other Southern states as they have
in this.

The annual fairs the negroes have
held in Macon have been very suc-
cessful. Not only have they yielded
enough to meet expenses but also a
considerable surplus. And the ex-
hibits have been of a highly credit-
able character.

It is the purpose, if it should be
decided to hold an exposition, to ask
the government for aid. We have
no doubt it would be given, though
the amount wouldn't be large. It
wouldn't necessarily have to be large
to make the undertaking a success,
because the expenses wouldn't be
anything like as great as those of the
St. Louis and Chicago expositions.

The time to begin preparing for
such an exposition appears to be op-
portune since the country is prosper-
ous and therefore the negroes
themselves better able to contribute
than they would if times were hard
and earnings small. The white peo-
ple, both North and South, would
undoubtedly lend the undertaking a
great deal of assistance.

NOTICE FOR BIDS TO REMODEL THE CITY MARKET

Notice is hereby given that on the
7th day of September, A. D. 1909, at
the regular meeting of the city council
of the city of Ocala, Florida, bids for
the remodeling of the city market of
the said city, according to plans and
specifications now on file in the city
clerk's office of said city, will be con-
sidered by the said council; said
council reserving the right to accept or
reject any of said bids; said bids
to be in writing and filed with the city
clerk on or before the said 7th day of
September, A. D. 1909. J. M. Jeffert,
President of the City Council.

Attest: H. C. Sistrunk,
City Clerk of the City of Ocala.

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by
effectually helping Nature to Relieve Indigestion.
But don't trifle with Indigestion.

A great many people who have
trifled with indigestion, have been
sorry for it—when nervous or
chronic dyspepsia resulted, and
they have not been able to cure it.
Use Kodol and prevent having
Dyspepsia.

Everyone is subject to indiges-
tion. Stomach derangement follows
stomach abuse, just as naturally
and just as surely as a sound and
healthy stomach results upon the
taking of Kodol.

When you experience sourness
of stomach, belching of gas and
nauseating fluid, bloated sensation,
gnawing pain in the pit of the
stomach, heart burn (so-called),
diarrhoea, headaches, dullness or
chronic tired feeling—you need Ko-
dol. And then the quicker you take
Kodol—the better. Eat what you
want, let Kodol digest it.

Ordinary pepsin "dyspepsia" ta-
blets, physics, etc., are not likely
to be of much benefit to you, in
digestive ailments. Pepsin is only
FOR SALE BY ALL

a partial digester—and physics are
not digesters at all.
Kodol is a perfect digester. If
you could see Kodol digesting every
particle of food, of all kinds, in the
glass test-tubes in our laboratories,
you would know this just as well
as we do.

Nature and Kodol will always
cure a sick stomach—but in order
to be cured, the stomach must rest.
That is what Kodol does—rests the
stomach, while the stomach gets
well. Just as simple as A, B, C.

Our Guarantee

Go to your druggist today and get a dol-
lar bottle. Then after you have used the
entire contents of the bottle if you can
honestly say, that it has not done you any
good, return the bottle to the druggist and
he will refund your money without ques-
tion or delay. We will then pay the druggist
for the bottle. Don't hesitate, all
druggists know that our guarantee is good.
This offer applies to the large bottle only
and to let one in a family. The large bot-
tle contains 24 times as much as the fifty
cent bottle.

Kodol is prepared at the labora-
tories of E. C. DeWitt & Co., Chicago.
